INDECIMAL AI Assistant — Chat Transcript

INDECIMAL Assistant

👋 Welcome! I'm your AI assistant for **INDECIMAL**, the construction marketplace.

I can answer questions about our packages, customer journey, quality system, policies, and more — all grounded in our internal documents.

Try one of the suggestions in the sidebar, or type your own question below!

You

What packages does INDECIMAL offer?

INDECIMAL Assistant

⚠️ **No OpenRouter API key configured.** Showing the most relevant document excerpts:

Excerpt 1 (from `company_overview.txt`, similarity: 0.59):
> INDECIMAL — Company Overview & Customer Journey (Internal Reference)
Version: 1.0
Audience: Support, Sales, Product, and AI Assistant Knowledge Base
Last Updated: 2025-12-21
1) One-line Summary
Indecimal provides end-to-end home construction support with transparent pricing, quality assurance, and structured project tracking from inquiry to handover.
2) What Indecimal Promises (Customer-Facing Commitments)

Excerpt 2 (from `company_overview.txt`, similarity: 0.49):
> as part of Indecimal's long-term care positioning. 6) FAQs (for the AI Assistant) Q: Do you provide real-time progress visibility?
A: Indecimal's public flow mentions real-time construction progress tracking with live photo updates through their app/dashboard.
Q: How does Indecimal reduce hidden surprises in pricing?
A: The flow emphasizes receiving plans that include detailed design and cost plans with transparent pricing and "no hidden surprises."

Excerpt 3 (from `customer_policies.txt`, similarity: 0.47):
> INDECIMAL — Customer Protection Policies, Quality System, and Guarantees (Internal Reference)
Version: 1.0
Audience: Support, Ops, Project Management, AI Assistant Knowledge Base
Last Updated: 2025-12-21
1) Payment Safety & Stage Controls
Escrow-Based Payment Model (Concept)

- Customer payments are made to an escrow account.
- A project manager verifies stage completion.
- Funds are disbursed to the construction partner after verification.

You

How does payment protection work?

INDECIMAL Assistant

Excerpt 1 (from `customer_policies.txt`, similarity: 0.45):
> INDECIMAL — Customer Protection Policies, Quality System, and Guarantees (Internal Reference)
Version: 1.0
Audience: Support, Ops, Project Management, AI Assistant Knowledge Base
Last Updated: 2025-12-21
1) Payment Safety & Stage Controls
Escrow-Based Payment Model (Concept)

- Customer payments are made to an escrow account.
- A project manager verifies stage completion.
- Funds are disbursed to the construction partner after verification.

Excerpt 2 (from `company_overview.txt`, similarity: 0.39):
> A: The flow emphasizes receiving plans that include detailed design and cost plans with transparent pricing and "no hidden surprises."
Q: What makes contractor payments "stage-based"?
A: The "Why Us" section states payments are released only after verified completion.

Excerpt 3 (from `company_overview.txt`, similarity: 0.31):
> - Payments released only after verified completion. 5. Transparent and Live Tracking - Clear agreements and real-time online project monitoring.
4) Differentiators Highlighted on the Website
Indecimal highlights the following as key differentiators versus typical market alternatives:

- Warranty & post-delivery support: long-term warranty/maintenance commitments.
- Transparency: 100% transparent pricing and process.
- Timelines: fixed project timelines, with penalties for delays.

You

What factors affect construction delays?

INDECIMAL Assistant

⚠️ **No OpenRouter API key configured.** Showing the most relevant document excerpts:

Excerpt 1 (from `customer_policies.txt`, similarity: 0.53):
> an escrow account. - A project manager verifies stage completion. - Funds are disbursed to the construction partner after verification.
Purpose: reduce financial risk for customers and improve transparency and trust.
2) Delay Management & Accountability
Zero-Tolerance Policy on Construction Delays (Operational Mechanisms)
Indecimal positions a system-driven approach to on-time delivery using:

- Integrated project management system
- Daily tracking of projects
- Instant flagging of deviations

  Excerpt 2 (from `company_overview.txt`, similarity: 0.42):
  > and ownership journey. 3) What We Strive For (Operating Principles) 1. Smooth Construction Experience - Step-by-step support throughout the project.

- Best and Competitive Pricing
- Fair pricing with no hidden charges.
- Quality Assurance (445+ checks)
- Strict quality control at every construction stage.
- Stage-Based Contractor Payments
- Payments released only after verified completion.
- Transparent and Live Tracking
- Clear agreements and real-time online project monitoring.

  Excerpt 3 (from `customer_policies.txt`, similarity: 0.39):
  > also highlights: - 100% transparent pricing & process - Real-time project tracking dashboard - Fixed timelines with penalties for delays

- Branded materials and on-site checks
- Long-term maintenance and care plans

- Structural warranty positioning

You

Tell me about the quality assurance system

INDECIMAL Assistant

⚠️ **No OpenRouter API key configured.** Showing the most relevant document excerpts:

Excerpt 1 (from `customer_policies.txt`, similarity: 0.53):
> (Quality Gatekeeping) A multi-stage process is described: 1) Ongoing and completed project verification of partner 2) Background and financial verification
3) Agreement signing between Indecimal & partner for SOP
4) Onboarding across Bangalore for build quality
7) Website-Level Customer Assurance Statements (High-Level)
The public website also highlights:

- 100% transparent pricing & process
- Real-time project tracking dashboard
- Fixed timelines with penalties for delays

  Excerpt 2 (from `customer_policies.txt`, similarity: 0.43):
  > approach to on-time delivery using: - Integrated project management system - Daily tracking of projects - Instant flagging of deviations

- Automated task assignment
- Penalisation to reinforce accountability

  3) Quality Assurance System
  445+ Critical Checkpoints
- The quality system covers 445+ checkpoints across the construction lifecycle.
- Each construction phase is scored and audited for:
- Structural integrity
- Safety compliance
- Execution accuracy

  Excerpt 3 (from `company_overview.txt`, similarity: 0.43):
  > and ownership journey. 3) What We Strive For (Operating Principles) 1. Smooth Construction Experience - Step-by-step support throughout the project.

- Best and Competitive Pricing
- Fair pricing with no hidden charges.

- Quality Assurance (445+ checks)
- Strict quality control at every construction stage.
- Stage-Based Contractor Payments
- Payments released only after verified completion.
- Transparent and Live Tracking
- Clear agreements and real-time online project monitoring.

You

What is the maintenance program?

INDECIMAL Assistant

⚠️ **No OpenRouter API key configured.** Showing the most relevant document excerpts:

Excerpt 1 (from `customer_policies.txt`, similarity: 0.65):
> construction lifecycle. - Each construction phase is scored and audited for: - Structural integrity - Safety compliance - Execution accuracy

- Progress and quality metrics are described as accessible via a customer dashboard for visibility.

  4) Maintenance Program (Post-Construction Support)
  Zero Cost Maintenance Program (Coverage Themes)
  The brochure describes a "zero cost maintenance" program intended to keep the home in good condition post-handover.
  Examples of coverage areas mentioned:

  Excerpt 2 (from `customer_policies.txt`, similarity: 0.61):
  > describes a "zero cost maintenance" program intended to keep the home in good condition post-handover. Examples of coverage areas mentioned:

- Plumbing, electrical
- Wardrobe, masonry, modular kitchen
- CP fittings, crack filling, tile support
- Roofing, painting
- External window & door maintenance

  Note: Coverage details and terms may vary; treat as "program scope overview" unless a customer-specific contract states otherwise.
  5) Financing Support (Customer Experience Positioning)

  Excerpt 3 (from `company_overview.txt`, similarity: 0.43):
  > construction progress - Stage-by-stage tracking with live photo updates through the app/dashboard. 8) Interior - Optional interiors journey: concept-to-completion customization.
  9) Move in to your dream home

- Handover with maintenance and structural warranty positioning.

  10) Maintenance

- Post-handover maintenance support as part of Indecimal's long-term care positioning.

6) FAQs (for the AI Assistant)
Q: Do you provide real-time progress visibility?

You

What exterior paint is used in the Pinnacle package?

INDECIMAL Assistant

⚠️ **No OpenRouter API key configured.** Showing the most relevant document excerpts:

Excerpt 1 (from `package_specs.txt`, similarity: 0.48):
> 2-coat Exterior Emulsion - Essential: Asian Paints Ace Emulsion (or equivalent) - Premier: Asian Paints Ace Shyne Emulsion (or equivalent)

- Infinia: Asian Paints Apex Emulsion (or equivalent)
- Pinnacle: Asian Paints Apex Ultima Emulsion (or equivalent)
